Acknowledgement

Jurnal Teknologi dan Sistem Komputer (JTSiskom, e-ISSN: 2338-0403, p-ISSN: 2620-4002) greatly appreciates to all our reviewers for their contribution to review the articles submitted to JTSiskom in this publication period of Volume 7 Issue 1 Year 2019. The substance review of the article aims to maintain the quality of JTSiskom. A list of reviewers contributing to JTSiskom can be found on the JTSiskom website.

The JTSiskom publisher also thanked to Indonesian Association of Higher Education in Informatics and Computing (Aptikom Indonesia) for providing support fo JTSiskom journal.

Journal Policies

Jurnal Teknologi dan Sistem Komputer (JTSiskom, e-ISSN: 2338-0403) provides a forum for publishing the original research articles from contributors related to embedded system and control, processor and IC design, network and infrastructure, and computing algorithms.

1. Focus and Scope of Journal

Url: <http://jtsiskom.undip.ac.id/index.php/jtsiskom/about/editorialPolicies#focusAndScope>

The JTSiskom journal covers the topics to embedded system based on microcomputer/microcontroller, robotics, control systems, processor and ASIC design, programmed devices based on HDL and IP Core, high-performance computing (HPC), distributed systems, cloud computing, sensor network and IoT, computer networks and security, algorithms and artificial intelligence, computer vision and pattern recognition, and mobile computing.

2. Peer Review Process

Url: <http://jtsiskom.undip.ac.id/index.php/jtsiskom/about/editorialPolicies#peerReviewProcess>

Articles submitted to Jurnal Teknologi dan Sistem Komputer (JTSiskom, e-ISSN: 2338-0403) have been evaluated through 2 stages of review, ie pre-review and substance review. The pre-review of the article was carried out by the editorial team to review the conformity of the article with the focus and scope of the journal as well as the journal style and specific JTSiskom writing guidelines. Plagiarism checking was carried out by using Google Scholar and Turnitin software.

Substantial single-blind reviews were performed by at least 2 reviewers. The decision of whether the article can be published was authorized by the Editor in Chief by considering recommendations from reviewers.

3. Publication Frequency

Url: <http://jtsiskom.undip.ac.id/index.php/jtsiskom/about/editorialPolicies#publicationFrequency>

JTSiskom is scheduled for publication in January, April, July, and October (4 issue a year). It is electronically published via journal website (<http://jtsiskom.undip.ac.id/index.php/jtsiskom>). Each published articles will be assigned with a DOI (digital object identifier). Commencement of publication: January 2013.

Tersedia online di <http://jtsiskom.undip.ac.id/index.php/jtsiskom>

4. Open Access Policy

Url: <http://jtsiskom.undip.ac.id/index.php/jtsiskom/about/editorialPolicies#openAccessPolicy>

JTSiskom provides immediate open access to its content on the principle that making research freely available to the public supports a greater global exchange of knowledge. The published articles will be available in JTSiskom website and their full text can be download freely.

5. Journal Indexing

Url: <http://jtsiskom.undip.ac.id/index.php/jtsiskom/pages/view/indexing>

JTSiskom has been accredited by Indonesian Ministry of Research, Technology, and Higher Education by Decree No: 30/E/KPT/2018. The published article from Volume 5 Issue 3 Year 2017 to Volume 10 Issue 2 Year 2022 will be appeared in SINTA Grade 2 (S2, <http://sinta2.ristekdikti.go.id/journals/detail?id=1190>).

Articles published in Jurnal Teknologi dan Sistem Komputer (JTSiskom, e-ISSN: 2338-0403) have appeared in the international indexes, including DOAJ (*Directory of Open Access Journals*, <https://doaj.org/toc/2338-0403>), BASE (*Bielefeld Academic Search Engine*), Microsoft Academic Search (<https://academic.microsoft.com/#/detail/2884812390>) dan Google Scholar (<https://scholar.google.co.id/citations?user=alfvTRgAAAAJ>).

6. Archiving

Url: <http://jtsiskom.undip.ac.id/index.php/jtsiskom/about/editorialPolicies#archiving>

The journal uses the LOCKSS (*Lots of Copies Keep Stuff Safe*) system to create distributed filing systems among participating libraries and enables them to create journal archives for conservation and restoration purposes. The publisher's manifestation can be found at <http://jtsiskom.undip.ac.id/index.php/jtsiskom/gateway/lockss>.

7. Article Processing Charge (APC)

Url: <http://jtsiskom.undip.ac.id/index.php/jtsiskom/about/editorialPolicies#custom-0>

Jurnal Teknologi dan Sistem Komputer (JTSiskom, e-ISSN: 2338-0403) is an open access journal. Author submission, as well as article processing and publishing, is **free of charge**. Readers can read and download any full-text articles for **free of charge**.
